

## 7<sup>th</sup> Grade JCL (Junior Classical League) Project

It's time for some *creative* fun! Each 7<sup>th</sup> grader will create a JCL Creative Arts Project for Latin! It is due **Wednesday, April 1.**\*

**You may choose the type of project from the guidelines in the Contest Handbook found on the JCL page at [7latin.weebly.com](http://7latin.weebly.com). The subject of your project needs to be Classical (Latin or Greek) and can be cultural, historical, or mythological.**

### **REQUIRED:**

- 1) Students must create a project whether or not they go to the state JCL convention. The project will count as one test grade for Latin. This grade will not be based on artistic ability but on design/creativity, overall presentation, neatness, accuracy, faithfulness to theme and guidelines, and adherence to deadlines.

N.B.: Failure to follow JCL Guidelines results in a one letter grade reduction for the project.

- 2) Mr. Fellers must approve your project before you begin. Pre-approval deadline is **Tuesday, February 4** using the attached form.

### **OPTIONAL:**

- Several 7<sup>th</sup> grade students might have the option to enter their projects and compete in the NCJCL (North Carolina Junior Classical League) convention on **Saturday, April 4** at Wake Forest University. If selected, you may enter other JCL events and competitions!

There are several internet sites you might use as you do research for your project. **CAVE! (Caution!):** Many Classical internet sites may be blocked on your computers due to artistic renderings. **Please have your parents preview any site before you view it.**

Follow the guidelines, and note the deadlines!

\* Deadline for the following is **Friday, February 21:** *Digital Art, Multimedia (Video, Virtual Model, Audio, Slide Show), Website, Creative Writing, Modern Myth*

If your child is selected to attend the convention, please consider being a driver! We rely on parents to drive and be chaperones.

**This FORM is due by Tuesday, February 4**
